

1. Complete the tables with information from the map below.

- a) In the second column, indicate a **name** for each of the regions identified on the map.
- b) In the third column, indicate whether the region is a “sending” (S) or a “receiving” (R) region in terms of annual net migration.

	REGION	S or R
A		
B		
C		
D		
E		
F		

2. Complete the table below with ideas from discussions in your group.

RECEIVING REGIONS - PULL	SENDING REGIONS - PUSH
What characteristics do the “receiving” regions share that would qualify as strong “pull” factors?	What characteristics do the “sending” regions share that would qualify as “push” factors?
