CPR (Country Population and Refugee) Project

Students will be participating in a project on the population/migration of a particular country. The focus will be primarily on population, refugee origin or major refugee hosting countries, along with general background information. Your group, up to 3 students (not you cannot have more than 3!), will choose a country from the refugee page of the www.therefugeeproject.org and do a research presentation on your respective country--- groups cannot repeat countries in the same class. I encourage you to uses the Population Reference Bureau and www.populationpyramid.net presentation needs to be through an infographic, which you can make **via Sway in your Office 365.**

You will find a news article on your country that relates to refugees, whether it is a host or originating country. In order to do so, Google your country and the word "refugee". Wikipedia articles will not be accepted as a news article, but can be used to gain background information. You will want to find an appropriate and decently lengthy newspaper article because you will be required to do an ESPeN analysis. **E**conomic, **S**ocial, **P**olitical and e**N**vironmental. Highlight/annotate the article for ESPeN and include this information in your Sway. Your article should be included in your Sway and should be properly cited!

There are two parts to this project
The Infographic will include the following information:
_____ General information (10 points)

- o   Name and flag of your country
- o   The region that your country is in (SE Asia, Central Am.,etc.)
- o   Isolated map of country (as shown on the right)
- o   Fun fact!

_____ Population (20 points)
- o   Population Pyramid
- o Is the pyramid rapid, stable/slow or negative?
- o How will population growth or decline impact the country? Explain.
- o What stage of the DTM?
- o TFR, CBR/CDR and IMR
- o Life Expectancy
- **o   # of refugees emigrants or immigrants and what countries are people coming from or moving too**
- o   2 Push or 2 Pull factors

_____ Current Event (10points)
- o   Article Title
- o 3 Main Points
- o   ESPeN analysis

The rest of the project will be graded on:
_____ Copy Article and Annotation (15 points)

> The link and screen shots of your article that is annotated must be included and turned in during presentation. Choice of article will be a factor.

_____ Sourcing (20 points)
> Cite all sources that you utilized and use the following website to source in MLA:
> http://www.citationmachine.net/mla/cite---a---website
> This document will be titled Bibliography and be stapled **BEHIND** the article

_____ Presentation (15 points)
> You will present your infographic in 3---4 minutes. Notecards are recommended! No reading directly from your project!

_____ Aesthetics/Organization/Effort (10 points)
> Your infographic should not be lengthily in words and must show some form of organization. Misuse of class time will affect your grade.
